# GENERAL HARDWARE

## Grandstream HT813 Hybrid ATA

\$65.50

The HT813 is an analog telephone adapter that features 1 analog telephone FXS port and 1 PSTN line FXO port in order to offer backup lifeline support using a PSTN line. The integration of a FXO and FXS port enables this hybrid ATA to support remote calling to and from the PSTN line. For added flexibility, the FXS port extends VoIP service to one analog device. Users can convert their analog technology to VoIP thanks to the HT813's ultra-compact size, HD voice quality, advanced VoIP functionality, high-end security protection and multiple auto provisioning options. These advanced features also allow service providers to offer high quality IP service to customers looking to upgrade to VoIP.

## Yealink DD10K Dect Dongle

\$31.50

The Yealink DECT dongle DD10K enables T41S/T42S to work concurrently with the Yealink DECT system as a handset after pairing with Yealink W60B DECT IP base station. Supported by a powerful transmission rate of 552kbit/s, this solution provides you with a quick and reliable DECT connection without wiring or cabling troubles, and gives you the privilege to enjoy wireless communications in minutes. As a complement for Yealink DECT series, attaching DD10K to your desk phone offers you a new solution by combining the desk phone's features with DECT capabilities. Even more, Yealink DD10K is compliant with the CAT-iq 2.0 standards, and it is easy and safe to deploy, guaranteeing a flexible and optimal user experience.

## Yealink W60B Dect Base Station

\$83.00

Pairing with up to a total of 8 Yealink W56H DECT handsets, W60B allows you enjoy superb mobility and efficient flexibility immediately as well as significantly eliminates additional wiring troubles and charges. A powerful chip ensuring a better and higher performance, this DECT IP base station not only supports up to 8 VoIP accounts and 8 concurrent calls, but also speeds up its startup and signal connection, slashes its upgrade downtime as well.

## Yealink BT41 USB Dongle

\$31.50

The Yealink BT41 Bluetooth USB dongle adds Bluetooth connectivity to your T27G/T29G/T46G/T48G/T41S/T42S/T46S/T48S /T53 with a wide variety of Bluetooth Headsets, allowing you to receive calls wherever you are in the office. Compatible with Bluetooth specification V4.1, back compatible with Bluetooth 1.1, 1.2, 2.0 and 3.0 for wide-ranging use.

### Algo 8301 Paging Adapter

\$ 359.50

- Wideband G.722 Codec Support for HD Voice
- Isolated and Balanced Audio Output
- Automatic Level Control
- Multicast for Cost Effective Scalability
- Mix with any Number and Variety of Algo Speakers, Strobes and Paging Adapters (Eg 8128, 8180, 8186, 8188, 81, 8301, 8373) for a Complete Voice Paging System
- Multicast Receive or Broadcast Capability
- Polycom Group Page
- Sip Compatibility with All Leading UC Vendors Including Avaya, Broadsoft, Cisco, Digium/Asterisk, Mitel, Metaswitch, NEC and Polycom to Name Few
- Configurable Through Web Interface
- Auto-Provisioning (ie TFTP, FTP, HTTP)
- Internal 1 GB Memory for Uploaded Wav Files or Recorded Messages for Notification Alerting and Scheduled Tones/Announcements
- Multiple Sip Registration for Page (50) and Ri (10) Extensions
- DTMF Zone Selection
- Programmable Relay (Dry Contact) Output
- Programmable Relay (Dry Contact) Input or Illuminated and Supervised Wall Button
- 3.5 MM Aux Input Jack for Playing and Multicasting Music

### Algo 8186 SIP Speaker Horn

\$ 448.00

- Wideband G.722 Codec Support for HD Voice
- Multicast Receive or Broadcast Capability
- Mix with any Number and Model of Algo Speakers, Strobes and/or Paging Adapters Using Multicast (Eg 8128, 8180, 8186, 8188, 8189, 8301, 8373) for a Complete Voice Paging System
- Polycom Group Page
- Syn-Apps SA-Announce
- SIP Compatibility with All Leading UC Vendors Including: Avaya, Broadsoft, Cisco, Digium/Asterisk, Mitel, Metaswitch, NEC and Polycom to Name a Few Configurable Through Web Interface
- Auto-Provisioning ( TFTP, FTP, HTTP)
- SNMP supervision
- Internal Memory of 1 GB for Uploaded WAV Files or Recorded Messages
- Multiple SIP Registrations for Ring (10) and Page (50) Extensions
- Programmable Relay (Dry Contact) Output
- Programmable Relay (Dry Contact) Input flluminated and Supervised Wall Button
- RoHS Compliant

# PHONES

### Yealink T31G

\$ 75.00

- Yealink HD Voice
- 2.3" 132x64-pixel graphical LCD with backlight
- Dual-port Gigabit Ethernet
- PoE support
- Opus codec support
- Up to 2 SIP accounts
- Local 5-way conferencing
- Support EHS Wireless Headset
- Support YDMP/YMCS
- Stand with 2 adjustable angles
- Wall mountable

### Yealink T33G

\$ 87.50

- Yealink HD Voice
- 2.4" 320 x 240-pixel color display with backlight
- Dual-port Gigabit Ethernet
- Up to 12 paperless DSS keys (4-page view) PoE support
- Opus codec support
- Up to 4 SIP accounts
- Local 5-way conferencing
- Support EHS Wireless Headset
- Support YDMP/YMCS
- Stand with 2 adjustable angles
- Wall mountable

### Yealink T43U

\$ 128.50

- Communications Protocol: SIP
- Lines: 12
- Ethernet Ports: 2x Gigabit
- PoE: 802.3af Class 2
- Additional Interfaces:
  - 2x USB-A 2.0
  - RJ9 for Headset
- Bluetooth: with Yealink BT40/BT41 Dongle (not included)
- Wi-Fi: with Yealink WF40/WF50 Dongle (not included)
- Display: 3.7" 360x160 backlit LCD
- Speakerphone: full-duplex
- Conferencing: 3-way
- Expandable: yes

### Yealink T46S

\$ 170.00

- 4.3" 480 x 272-pixel color display with backlight
- Opus\* codec support
- USB 2.0
- Up to 16 SIP accounts
- 10 line keys can be programmed up to 27 paperless DSS keys (3-page view)
- Dual-port Gigabit Ethernet
- PoE support
- Paperless label design
- Headset, EHS support
- Wi-Fi via WF40
- Bluetooth via BT40
- USB recording
- Supports expansion modules
- Stand with 2 adjustable angles
- Wall mountable

### Yealink W53P DECT Bundle (W60B + W53H)

\$ 147.50

The Yealink W53P, being a high-performance SIP cordless phone system, is the ideal solution for small and medium-sized businesses. Paring with up to a total of 8 Yealink W53H DECT handsets, it allows you to enjoy superb mobility and efficient flexibility immediately as well as significantly eliminates additional wiring troubles and charges. To provide a better and higher performance, this DECT IP phone not only supports up to 8 SIP accounts and 8 concurrent calls, but also speeds up its startup and signal connection, slashes its upgrade downtime as well.

### Yealink T48U

\$244.50

- 7" color touch screen with backlight
- Optima HD voice with Acoustic Shield and Smart Noise Filtering
- Up to 16 SIP accounts
- PoE support
- Stand with two adjustable angles, wall mountable
- Wi-Fi via WF40/WF50, Bluetooth via BT41
- Support expansion modules
- Support USB recording
- Dual USB ports, dual-port Gigabit Ethernet
- Headset, EHS support

## Yealink W59R Ruggedized DECT Handset

\$ 176.00

Yealink W59R, certified to rigorous IP67 standard, is a professional ruggedized DECT handset with integrated Bluetooth and vibration alarm that is pretty eligible for the environment where there may be dusty, humid, and harsh. Not only combined the advantages of wireless communication and the rich features of Voice-over-IP phone but also fully compatible with Yealink W80 Multi-Cell System for seamless roaming and handover of the calls, this handset provides users with the convenience and good experience of mobile communication in and between each zone and keeps stable in the complicated and harsh locations. As a rugged and durable handset, W59R has also been developed with Yealink optimal HD audio quality that combines multiple leading technologies together, including FNR (Flexible Noise Reduction), LC3 (Low Complexity Communication Codec) Plus, full-duplex, and Opus. This means users can get a stable and high-quality audio experience even the location is full of noise or wireless interference. Besides, the complete alarm functions and integrated G-Sensor boost the occupational safety for the person who works in hazardous locations.

## Yealink T40G

\$ 74.50

Yealink SIP-T40G is a feature-rich SIP phone that enhances daily interoperability and unifies communications for busy managers. Designed with a revolutionary new appearance, it supports flexible and secure provisioning (the phone utilizes industry-standard encryption protocols for users to provision and perform software upgrades both in-house and remotely), this advanced IP phone is intuitively designed with ease-of-use in mind. The T40G is also built with the Gigabit Ethernet for rapidly facilitating call handling, and its programmable keys help boast extensive productivity-enhancing features, like BLF, SCA, call transfer, etc. Meanwhile, equipped with the feature of Power over Ethernet (PoE), superb high definition (HD) sound quality and a rich visual experience, the SIP-T40G IP Phone maximizes your personal productivity in a superior way.

## Yealink T31P

\$ 55.00

As a very fashionable and friendly entry-level IP phone, Yealink SIP-T31P has an extra-large 132x64-pixel graphical LCD with a backlight that brings a clear visual experience for users. The T31P offers support for two VoIP accounts and includes local 5-way conferencing to maximize productivity. Working with the adjustable multi-angle stand, the T31P IP phone ensures you the ability to work in different situations. Meanwhile, the T31P features built-in Power over Ethernet (PoE) and superb high definition (HD) sound quality. Easy-to-use and powerful features together with a reasonable price deliver excellent voice communications solutions.

## Yealink T53W

\$184.50

Yealink SIP-T53W is an easy-to-use Prime Business Phone with an adjustable 3.7-inch graphical LCD that you can easily and flexibly find the comfortable viewing angle according to the personal and environmental needs. With the built-in Bluetooth 4.2 and the built-in dual band 2.4G/5G Wi-Fi, the SIP-T53W IP Phone ensures you to keep up with the modern wireless technology and take the first chance in the future wireless age. Its built-in USB 2.0 port allows for USB recording or a direct wired/wireless USB headset or up to three Yealink EXP50 expansion modules connection. Benefiting from these features, the Yealink SIP-T53W is a powerful and expandable office phone that delivers optimum desktop efficient and productivity.

### **Yealink T54W**

**\$193.50**

Especially designed for busy executives and professionals, Yealink SIP-T54W is an easy-to-use Prime Business Phone with an adjustable 4.3-inch color LCD screen that you can easily and flexibly find the comfortable viewing angle according to the personal and environmental needs. With the built-in Bluetooth 4.2 and the built-in dual band 2.4G/5G Wi-Fi, the SIP-T54W IP Phone ensures you to keep up with the modern wireless technology and take the first chance in the future wireless age. Its built-in USB 2.0 port allows for USB recording or a direct wired/wireless USB headset or up to three Yealink EXP50 expansion modules connection. Benefiting from these features, the Yealink SIP-T54W is a powerful and expandable office phone that delivers optimum desktop efficient and productivity.

### **Yealink W60P w. Base Station**

**\$155.00**

The Yealink W60P Wireless DECT IP Phone is a premium phone designed with robust hardware, ideal for businesses that require greater capability to handle a heavy call load.

### **Yealink W56H**

**\$101.00**

Yealink's upgraded DECT phone W56P is developed to enhance communication for on-the-go workers in various industries such as warehousing, catering and retailing. Featuring a big 2.4-inch color screen, an elegant industrial design, excellent battery performance and other multiple usability and phone management upgrades, the W56P ensures busy workers can enjoy a pleasant user experience and are always online.

### **Yealink W53H**

**\$85.50**

The Yealink W53H is a wireless DECT Handset for the Yealink W53P DECT system. The W53P is a reliable and cost-effective solution for users requiring a high-quality on the move communication system that won't break the bank. The W53P is excellent for users who make moderate-to-high wireless call requirements.

# CONFERENCE PHONES

## Yealink CP920 Conference Phone

\$ 364.00

- Yealink Noise Proof Technology
- 20-foot (6-meter) and 360-degree voice pickup
- Built-in 3-microphone array
- Sensitive touch keypad
- 3.1" 248x120-pixel graphical LCD with backlight
- Power over Ethernet
- 5-way conference call
- Hybrid UC meeting
- Built-in Wi-Fi (2.4GHz/5GHz, 802.11.b/g/n/ac)
- Built-in Bluetooth 4.0
- Local USB call recording

## Yealink CP960 Conference Phone

\$ 554.50

- Optimal HD audio, full duplex technology
- Yealink Noise Proof Technology
- 20-foot (6-meter) and 360-degree microphone pickup range
- Two additional CP Wireless Expansion Mic CPW90
- Built-in 3-microphone array
- Based on Android 5.1 operating system
- 5-inch multi-touch screen with 720x1280 resolution
- Yealink Pentagon Meeting Room
- 5-way conference call
- Hybrid UC meeting
- Built-in Wi-Fi (2.4GHz/5GHz, 802.11a/b/g/n/ac)
- Built-in Bluetooth 4.0
- Connect to PC via USB Micro-B port

# USB HEADSETS

## Yealink UH36 Headset

\$ 60.50

Basic functions of the headset include answer/end and call/mute. When paired with a Yealink IP Phone (version 85 & above), users can take advantage of enhanced functionality including audio optimization, redial, call hold, volume sync, and multiple call control.

## Jabra EVOLVE 40 UC Mono

\$ 73.50

The Evolve 40 is a headset featuring amazing sound for calls and music, and an integrated busylight to enhance your productivity by notifying colleagues that you are busy - therefore allowing you to avoid interruptions in the open office. Connect the headset using USB or jack. Leather ear cushions allow for all-day comfort.

### Jabra EVOLVE 40 UC Stereo

\$ 95.50

The Evolve 40 is a headset featuring amazing sound for calls and music, and an integrated busylight to enhance your productivity by notifying colleagues that you are busy - therefore allowing you to avoid interruptions in the open office. Connect the headset using USB or jack. Leather ear cushions allow for all-day comfort.

### Plantronics Voyager 4210

\$ 126.50

Voyager 4200 UC Series meets the needs of office professionals as well as IT. With the choice of stereo or mono, crystal-clear audio, wireless freedom, and the ability to switch seamlessly between mobile phone and PC, Voyager 4200 UC Series helps you be more productive and enriches your voice communications experience.

## HEADSETS FOR PHONES

### Yealink UH33 Headset

\$ 30.00

Yealink UH33 is a professional headset with the over-the-head style that eliminates background noise and helps you get in your concentration zone and focus. Coupled with wideband audio technology and HD voice, the UH33 delivers richer and clearer conversations, as well as reduces listening fatigue. Simple plug-and-play setup permits you to merely use the USB port to the USB-supported Yealink IP phones, plug it into the USB port or 3.5mm jack to your laptop, or use the 3.5mm jack straight into your smart device. Get easy access at your fingertips via the intuitive control unit to the frequently-used functions, such as accept incoming calls, adjust volume and mute the microphone. Yealink UH33 stands its unique position in the market with the combination of exceptional comfort, durable lifecycle, premium quality, and brilliant sound.

### Yealink UH36 Headset, Single Ear

\$ 55.00

The Yealink UH36 has been designed especially for Unified Communications and any business user that wears their headset for the duration of the workday. With its exceptional comfort & high-quality audio, every conversation will be a great experience. The UH36 comes with both USB & 3.5mm jack connectivity options, so it can be easily plugged into various devices, including an IP phone, PC, tablet, and smartphone. This headset also integrates seamlessly with Yealink IP phones, as well as Yealink USB Connect Software and Yealink Device Management Platform/Cloud Service.

**Yealink UH36 Headset, Dual Ear**  
\$ 78.00

The Yealink UH36 has been designed especially for Unified Communications and any business user that wears their headset for the duration of the workday. With its exceptional comfort & high-quality audio, every conversation will be a great experience. The UH36 comes with both USB & 3.5mm jack connectivity options, so it can be easily plugged into various devices, including an IP phone, PC, tablet, and smartphone. This headset also integrates seamlessly with Yealink IP phones, as well as Yealink USB Connect Software and Yealink Device Management Platform/Cloud Service.

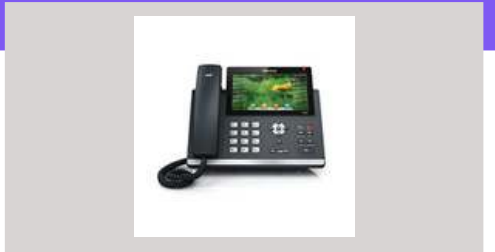

**Plantronics EncorePro 540  
& Plantronics A10 RJ-11 Cord**  
\$ 115.50

End caller frustration and elevate the customer experience. A unique adjustable noise-canceling microphone ensures accurate positioning for clear audio. Voice optimized frequency response sharpens sound. Plus, it's custom-made for heavy usage—less downtime equals more productivity. Count on top-grade aluminum joints with 15 years of expertise, built-in. The agent experience matters, too. Super lightweight, great fitting design is all about comfort. Soft ear cushions swap out quickly and easily, extending usage and value. It's everything you need to keep callers, and agents, happy.

**Sennheiser D10 Wireless DECT Headset  
& Yealink EHS36**  
\$ 219.50

Made for office professionals, the Sennheiser D 10 Phone is a single-sided wireless DECT headset for connecting directly to the desk phone. Designed for all-day use, its streamlined design makes no compromises when it comes to exceptional sound and brings the freedom of a wireless solution within reach of even more everyday users.

**Cisco Headset 532 Wired Dual  
w/ QD Cable**  
\$ 153.00

The Cisco Headset 532 is designed for exceptional sound quality and noise cancellation. The microphone housing's capsule orientation creates a short acoustic path, which provides maximum acoustic sensitivity making it perfect for use in noisy environments like call centers or busy offices. This headset also features connectivity using quick disconnect technology with an RJ9 interface making it compatible with most phones including the Cisco 68xx, 78xx, 79xx, and 88xx series.
